Per hoc minui studium suum  
existimans Paulus, ut erat in  
complicandis negotiis artifex dirus,  
unde ei Catenae inditum est  
cognomentum, vicarium ipsum  
eos quibus praeerat adhuc  
defensantem ad sortem  
periculorum communium traxit. et  
instabat ut eum quoque cum  
tribunis et aliis pluribus ad  
comitatum imperatoris vincum  
perduceret: quo percitus ille exitio  
urgente abrupto ferro eundem  
adoritur Paulum. et quia languente  
dextera, letaliter ferire non potuit,  
iam districtum mucronem in  
proprium latus inpegit. hocque  
deformi genere mortis excessit e  
vita iustissimus rector ausus  
miserabiles casus levare  
multorum.

## Vinyard around the world

Et prima post Osdroenam quam, ut dictum est, ab hac descriptione discrevimus, Commagena, nunc Euphratensis, clementer adsurgit, Hierapoli, vetere Nino et Samosata civitatibus amplis inlustris.  
Illud autem non dubitatur quod cum esset aliquando virtutum omnium domicilium Roma, ingenuos advenas plerique nobilium, ut Homerici bacarum suavitate Lotophagi, humanitatis multiformibus officiis retentabant.
